WHO IS ELIGIBLE?

Help to Buy London equity loans are available to first time buyers looking to move. The home you want to buy must be newly built with a price of up to £600,000.

HOW DOES IT WORK?

With a Help to Buy London equity loan the government lends you up to 40% of the cost of your newly built home, so you'll only need a 5% cash deposit and a 55% mortgage to make up the rest. You won't be charged loan fees on the 40% loan for the first 5 years of owning your home.

After this time interest is charged at 1.75% per annum, increasing each year by the Retail Price Index (if any) plus 1%. The equity loan must be repaid after 25 years, or whenever you sell your home. You can pay the loan back over time in different quantities or all at once, and the amount that you reimburse will depend on the value of your home.
