SITUATED ON THE FIRST FLOOR OF THIS STUNNING NEW DEVELOPMENT IN THE HEART OF WANDSWORTH, THIS TWO-BEDROOM APARTMENT BOASTS A PRIVATE TERRACE AND APPROXIMATELY 848 SQ FT OF UNIQUE, HIGH-SPEC LIVING SPACE BUILT WITH SUSTAINABILITY AT ITS CORE.

The attention-to-detail in the immaculate finishing of this development, as well as the clear dedication to achieving a thorough sense of natural light and space and sustainability-led design, begins in this property's welcoming hallway.

Complete with a large storage cupboard, the right of the hallway leads to the elegant, dual aspect principal bedroom. Filled with an abundance of natural light provided by two oversized floor-to-ceiling windows, the space is finished with two built-in wardrobes and a luxurious en suite featuring a walk-in rainfall shower head with Crittal-style shower screen, terrazzo shelves by In Opera with a wall-mounted mirror, porcelain tiles by Mandarin Stone and matte black brassware by Saneux.

The elevated design continues in the impressive dual aspect kitchen/living room, located at the rear of the property. With fabulous dimensions including close to three-metre ceiling height, this bright and stylish space provides the perfect place for relaxing and entertaining. The kitchen itself crafted by Leicht from carbon-neutral, front-framed walnut veneer and features an instant, filtered hot water tap and fully integrated Bosch appliances including induction hob, oven, fridge freezer, dishwasher, and extractor fan. The carbon neutral green Silestone worktop is made using quartz, minerals, and recycled glass. The chic interior design by Scenemsmith is further showcased in the spacious yet cosy living and dining areas, where floor-to-ceiling glass doors pour light into the room and open out onto the beautiful terrace, ideal for al fresco dining and low-maintenance gardening.

An additional double bedroom with access to the terrace, a smart bathroom and landscaped communal roof terrace complete this property.

Evagreen, recently nominated for a Dezeen award for Sustainable Interiors, has been brought to life by design-led, London based, developers Artform.
